

OKTOMAT

CAPTURE YOUR LIFE USING ONLY ONE CAMERA EIGHT FRAMES 2.5 SECONDS

“SHOOT!! And 8 “clack's” later your subject is cleanly sliced into 8 little frames, boiled, and served. It's no Hollywood feature, but believe us, 8 frames can tell quite a tale.”

OVERVIEW:

With 8 individual lenses the Oktomat gives you eight separate images in the one frame so it is great for capturing all the action from your everyday life.

If still images are not enough, you can take it one step further by downloading an animation application from the lomography website to bring your images to life!

Thanks to the Oktomat anyone can be a film director! Providing you have a really small budget, only eight scenes and you only want your film to be 2.5 seconds long.

SPECIFICATIONS:

Size: 11cm x 7.5cm x 3.2cm

Weight: 0.2KG

Film Type: 35mm (Negative, Slide, and B&W)

Lenses: 8 individual units

Serial exposure time: Approx. total 2.5 seconds for all lenses to fire

Lens aperture: f/8

Shutter Speed: 1/100 sec

Processing: 35mm processing at any lab, supermarket etc

FEATURES:

8 Lens battery: With just one push of the shutter button all 8 lenses are released one after the other in just 2.5 seconds giving you that awesome 8 scene action shot.

Collapsible Viewfinder: You get to see first-hand what you Oktomat is seeing thanks to this nifty viewfinder. But do not that it's not 100% accurate which is all part of the fun!

Fixed Speed and Aperture: The simple design of the Oktomat makes it a fiddle free zone. As long as there is plenty of sun around you photos will be fabulous.
