

POP 9

CREATING MINIATURE WORKS OF 9-SHOT ART WHEREVER IT GOES!

“Your Pop 9 instantaneously transforms your environment into miniature explosions of pattern-repeating artistic dynamite. Shapes, angles, and bulges engage each other between the 9 repeating frames, producing an unpredictable and simply amazing photographic wall-paper of images.”

OVERVIEW:

The Pop 9 opens a whole new world of photography making it possible for anyone to create an amazing wallpaper of tiny images because one photo is never enough and not nearly as interesting as 9!

This sleek example of quality craftsmanship makes it easy to create great images because there is no need to worry about focus and other fiddly bits. It even has a flash so you get bright images even if the sun is not shining.

FEATURES:

9 individual wide-angle lenses:

Transform everything around you into a

9 frame work of art with the 9 individual lenses. The Pop 9 shoots with razor-sharp resolution and amazing close-up capabilities.

Focus free lenses: Get wonderfully sharp images almost every time with the Pop 9's focus free lenses!

Built-in flash: You can shoot anytime, anywhere with the Pop 9, whether you're at a lunch time picnic or late night rave. Just don't leave it on because it will drain your battery!

High Polished finish: The Pop 9's chic look makes it the perfect fashion accessory.
